

## Daily Update – June 3, 2020

### Ministry of Health update

In a joint statement, Dr. Bonnie Henry, provincial health officer, and Adrian Dix, Minister of Health, reported 22 new cases of COVID-19 in B.C., bringing the total number of people who have tested positive to 2,623 since the pandemic began. Of those, 905 have been in the Vancouver Coastal Health region. The number of people in hospitals throughout B.C. sits at 32, including seven people in critical care, and 2,243 people are considered fully recovered. There have been no new health-care outbreaks, but there are still six active outbreaks in long-term care and assisted living facilities in B.C.

### Testing

Anyone in the VCH region with cold, influenza or COVID-19-like symptoms, however mild, can now be assessed for and get a COVID-19 test. Contact your physician or nurse practitioner's office, or a local community collection centre to arrange for a test. Phone numbers and locations of collection centre can be found by visiting: <http://www.bccdc.ca/health-info/diseases-conditions/covid-19/testing> or by calling 8-1-1. In Vancouver, the City Centre and REACH urgent and primary care centres can provide testing as well as the St. Vincent's drive-up location at 4875 Heather Street. On the North Shore, testing is available at the North Vancouver Urgent and Primary Care Centre. If you think you need testing, please call ahead before visiting your doctor, urgent and primary care center or health clinic.

VCH Medical Health Officers, our provincial partners and the Public Health Agency of Canada continue to actively monitor the COVID-19 pandemic. To protect yourself while out in public, wash your hands frequently and maintain social distance. For more information on COVID-19, please visit <http://www.vch.ca/covid-19>.
