

LATEST UPDATE – November 25, 2021

In an effort to keep our community partners connected, we are providing you with regular COVID-19 updates.

COVID-19 vaccine update

As of Thursday, Nov. 25, 2021, 91.0% (4,218,099) of eligible people 12 and older in B.C. have received their first dose of COVID-19 vaccine and 87.5% (4,056,728) received their second dose.

In addition, 91.4% (3,953,383) of all eligible adults in B.C. have received their first dose and 88.1% (3,808,967) received their second dose.

Since December 2020, the Province has administered 8,609,643 doses of Pfizer-BioNTech, Moderna and AstraZeneca COVID-19 vaccines.

Ministry of Health update

In the Nov. 25 statement on B.C.'s COVID-19 response, 424 new cases were reported with 62 of those in the Vancouver Coastal Health (VCH) area.

The total number of people who have tested positive for COVID-19 in B.C. now stands at 216,758 since the start of the pandemic. There are 3,061 active cases of COVID-19 across B.C. currently.

In the past 24 hours, three new COVID-19 deaths were recorded, while 295 individuals are currently in hospital and 112 of those are receiving treatment in ICU/critical care. The total number of individuals who have passed away due to COVID-19 is 2,316.

Vaccinations for children ages five to 11

On Tuesday, the Ministry of Health provided details for the rollout of pediatric vaccine in B.C. Parents and guardians who have registered their child with Get Vaccinated will begin receiving invitations on Monday, Nov. 29, 2021, to book appointments. Registration ensures parents are notified by text or email when it is time to book their child's appointment.

On Nov. 19, 2021, after a thorough review, Health Canada approved the Pfizer vaccine for children five to 11. This vaccine uses a lower dose (10 micrograms), at one-third of the dose formulated for older children and adults, which will provide effective protection tailored to children's immune systems. The National Advisory Committee on Immunization (NACI) advises that children receive a two-dose series of the vaccine with an interval of eight weeks or more between the first and second dose.

VCH vaccination clinics

VCH continues to operate several mass-vaccination and pop-up clinics across the region. For a full list of VCH vaccination clinics, including pop-up clinics, please visit <http://www.vch.ca/vaccine>.

All clinics are accepting drop-ins for first and second doses. All are welcome at our clinics, including those without personal health numbers and people who are not residents of B.C. Clinic staff are available to help people register and book appointments at other clinics throughout the region, if needed, and can help answer any vaccine-related questions. All residents are still encouraged to [register on the provincial system](#) to ensure they receive an alert once they are eligible to book their second dose vaccination.

A reminder that people can get their BC Vaccine Card online at gov.bc.ca/vaccinecard. Once verified, a person will be able to save a digital copy to their mobile device or print a hard copy to present along with their government-issued photo identification when entering designated businesses and events.

People without access to a computer can get their card from a Service BC Centre or by calling 1-833-838-2323 at the Get Vaccinated call centre.

VCH hosts Open Board Forum dedicated to residents of Steveston

The Vancouver Coastal Health (VCH) Board of Directors and senior leadership team will be hosting an Open Board Forum tonight (Thursday, November 25) at 6pm focused on healthcare topics relevant to the Steveston neighbourhood and the broader Richmond community.

During this session, the VCH Board Chair and senior leaders will provide updates on variety of healthcare projects, programs and services, including the Richmond Hospital redevelopment project, the new Urgent and Primary Care Centre, as well as long-term care and mental health supports. There will also be a public health update discussing the pandemic.

Registration has closed. Those interested in listening in can access the livestream via the following link: <https://video.teleforumonline.com/video/streaming.php?client=21106>

Please note that meeting will be conducted as a telephone conference call, with those who had registered before the deadline able to participate in the event's Q&A portion.

Community engagement opportunities

VCH values community input. Please consider participating in or sharing the featured community engagement opportunities below:

- [Become a Mental Health & Substance Use Interview Panel Advisor](#)
The Client and Family Support and Involvement Team for Vancouver Acute, Community & Regional Tertiary are seeking a number of client and family advisors that can be part of leadership interview panels in all of our Vancouver Mental Health and Substance Use areas: Vancouver Community, Vancouver Acute, and Regional Tertiary.
- [Tertiary Mental Health Substance Use Mandate Review](#)
VCH is reviewing the Tertiary Mental Health Substance Use mandate in order to make improvements to the program. The review seeks input from up to 20 persons with lived or living experience (either personal lived experience or as a family member / caregiver) of the tertiary mental health and substance use services at VCH.

VCH community engagement opportunities can be found on our [Engage VCH](#) homepage.

Home support resource pamphlet

VCH has developed some resource material for home support services and how to access it. This information is available in various languages.

- **Home support pamphlet**
