## Which option is best for you?

### Urgent Primary Care Centre

The City Centre UPCC is for **non-life-threatening** illnesses or injuries when you are unable to see your family doctor or care provider. Visit the UPCC if you are experiencing:

- Sprains and strains
- Cuts, wounds or skin conditions
- High fever
- Infections including chest, ear and urinary tract
- Asthma attacks
- New or worsening pain
- Dehydration/Constipation
- Less serious child illness and injury

### Emergency Department

For **life-threatening** illnesses or injuries go to the Emergency Department to be assessed and treated immediately.

### Family doctor or care provider

For **health concerns** call your family doctor or care provider first. Same-day urgent appointments are often available.
