OUR VOLUNTEERS MAKE A DIFFERENCE IN THE LIVES OF HUNDREDS OF PEOPLE EVERY DAY!

Vancouver Coastal Health (VCH) provides health care services through a network of hospitals, primary care clinics, community health centres and residential care homes.

VCH - Richmond provides these health services to residents of Richmond, Delta and travelers using the Vancouver International Airport and the BC Ferries system.

VOLUNTEER INVOLVEMENT IS HIGHLY VALUED AND AN IMPORTANT PART OF VCH’S COMMITMENT TO QUALITY CARE.

Volunteer Resources Coordinators will make every effort to match your interests and skills with a meaningful volunteer role and we ask the following of you:

- A minimum 6-month commitment for 2 or 3 hours each week (a specific day and time will be arranged). Most volunteer positions are available during weekdays.

- Most programs require volunteers to be 18 years of age and we have limited opportunities for volunteers who are 16 or 17 years old.

- Qualities of our volunteers include maturity, reliability, excellent communication skills and the ability to work independently.

- New applicants are asked to provide two school or work references, have an interview with Volunteer Resource staff and complete a new criminal record check. Upon acceptance, new volunteers attend an orientation, complete training modules and attend “on the job” training with experienced volunteers or staff members. Please note that this process takes from 2 to 6 weeks to complete before volunteering can begin.
