WINTER IS HERE ... 

Be prepared for snow or icy conditions and avoid slips, trips and falls

- Use main walkways salted and cleared of ice and snow
- Wear appropriate footwear with adequate traction
- Be extra careful getting out of your car – hold on to handles and exit slowly
- Walk like a penguin – slow down and take short steps to help maintain your centre of balance

Spot an icy patch or snowy walkway?

- Visitors can notify security or the main information desk
- Staff can contact maintenance or housekeeping
