North Shore Youth Eating Disorders Program
NEW CLIENT REFERRAL

The **North Shore Youth Eating Disorders Program (NSYEDP)** is a multidisciplinary team consisting of a medical professional, dietitian, and counsellor. This team will provide outpatient assessment and treatment for youth 12 to 19 years of age who have symptoms of anorexia or bulimia and who live in the North Shore, Sunshine Coast, and the Sea to Sky area.

Please Note: Youth under 17 years of age will be assessed by our paediatrician. Youth aged 18-19 may be assessed by Foundry medical staff, if necessary. All youth in our program require regular medical follow up by their Primary Care Provider.

We are not an emergency service and hold a waitlist. If your patient requires urgent care, please refer directly to your local hospital.

Referral Criteria:

The NSYEDP services clients with Anorexia Nervosa, Bulimia Nervosa or Other Specified/ Unspecified Eating Disorder (formerly Eating Disorder Not Otherwise Specified)

The client will have:

a) An intense preoccupation and concerns with body shape and size

AND

b) Significant low weight or weight loss due to voluntary restricting of food intake.

OR

c) Binge eating accompanied by feeling out of control (i.e. can't stop binge or control how much is eaten) **and** purging behaviour (i.e. vomiting, laxatives, post-binge fasting, excessive exercise).

Exclusion criteria:

The NSYEDP does not provide services in the following instances:

a) Alcohol or substance abuse is the primary presenting problem.

b) The client is acutely suicidal or in crisis.

c) Acute psychiatric disorders account for decreased food intake such as:
   - Thought Disorders (e.g. someone with schizophrenia who has delusions around food).
   - Major Depression or Anxiety where decreased food intake is due to mood.

d) Binge eating disorder (i.e. binge eating without any compensatory behaviour).

Please see **Eating Disorder Toolkit for Primary Care Providers** for more information.
