

Toxic drugs:

Ideas to stay alive

Naloxone kits and training

Use at an Overdose Prevention Site (OPS)

Ask about safer supply

Use where people can see you

Plan for relapse: Be extra careful if you use when your tolerance is down

If you are using because of symptoms of withdrawal, discuss your Opioid Agonist Therapy with your clinic

Watch for drug alerts on posters, websites, Text "JOIN" to 253787 to get alerts

Test your drugs at an Overdose Prevention Site or with take home strips

Use a little first, then the rest

If your goal is not to use, what supports will help?

Use with a friend or ask someone to check on you after

Use Lifeguard or Brave app or use with a friend on the phone to send help if you can't respond
