- Interview Notification: December 5, 2025
- Virtual Interviews: January 13 & 14, 2026

Locations

The city of Vancouver is located on the traditional, ancestral and unceded territories of the Coast Salish peoples – the xʷməθkʷəy̓əm (Musqueam), Skwxwú7mesh (Squamish), and Səlilwətaʔ (Tsleil-Waututh) Nations. We thank the Coast Salish People for allowing us to live, work and play on their lands.

Vancouver is a vibrant metropolitan city with easy access to the Pacific Ocean and the Coast Mountain Range. It is recognized as one of the most livable cities in the world. The Vancouver metropolitan area is home to a *multicultural* population of more than 2.6 million residents.

The city of Victoria is located on the traditional, ancestral and unceded territories of the Lkwungen People, also known as the Songhees and Esquimalt First Nations communities. We thank the Lkwungen People for allowing us to live, work and play on their lands.

Victoria, known as “the garden city,” is located on Vancouver Island and is the capital city of British Columbia. It has a temperate climate with more sun and warmer winters than Vancouver, BC. In recent years, the Greater Victoria area has seen a growing predominance of residents from Chinese, South Asian, and Filipino heritages.
