## PRENATAL, POSTPARTUM AND EARLY CHILDHOOD PUBLIC HEALTH NURSING REFERRAL

### Information for Referring Partners

Clients referred through this process will be contacted by a Public Health Nurse (PHN). The PHN may provide direct nursing services or refer on to appropriate community resources. Clients referred can be prenatal, postpartum or children birth to six years of age.

Public Health nursing services focus on:

- Maternal, infant, or early childhood nutrition
- Breast/Chest feeding decision making and support
- Perinatal depression and anxiety screening and support
- Tobacco, alcohol and substance misuse support
- Transition to parenthood/effective parenting and attachment
- Development assessment (Ages and Stages Questionnaire)
- Infant safety
- Immunization/communicable disease
- Support and referral to community resources

Public Health nursing services will be based on individual client needs and may be delivered as:

- Individual follow up in the home, public health office or by phone
- Group based facilitated discussions/education/support (based on local availability)

Please complete the demographic information fields so that parent/guardian can be contacted for follow-up.

**It is important to indicate that you have discussed the referral with client or parent/guardian, as we will only contact if the client or parent/guardian is aware.**

If you have any questions, or prefer to refer by telephone, call your local public health office (see list below).

#### Contact the Community Health office in the area which the family lives

**Richmond** Phone 604 233 3150 Fax 604 233 3198
